

# A 4-H PHOTO FUN CLUB BUTTON IS HAPPINESS

ACTUAL SIZE

What kid wouldn't be proud to join up for the 4-H Photo Fun Club TV series just to be able to wear the button? Not only is it something tangible that makes him feel that he is a full-fledged 4-H member and entitled to all the learning and privileges the series has to offer, but buttons are fun to wear too. They make 4-H'ers feel more valuable in their own eyes.

Buttons also help popularize a 4-H project with other youngsters. They may also entice non-members into joining 4-H.

These striking blue, black and white buttons are inexpensive for their size 1-3/16" wide. They're just \$26.00 a thousand, or less than 3¢ each. (You'd expect to pay 10¢ each for this size button.) Minimum order is 1,000. There's no discount for larger quantities.
